

Corporate Contributor License Agreement

This Corporate Contributor License Agreement ("Agreement") is for corporations to authorize their employees to contribute to Agent Switch, a project of SB Technology, Inc. dba SandboxAQ (the "Company"). It documents the rights granted by a contributing organization to the Company, allows the organization (the "Corporation") to submit Contributions, to authorize Contributions submitted by its designated employees, and to grant copyright and patent licenses thereto.

This Agreement is complementary to the Individual Contributor License Agreement ("Individual CLA"): the Individual CLA §4 contemplates that an employer "has executed a separate Corporate CLA with the Company." Signing this Agreement is the mechanism by which a Corporation does so.

How this Agreement is signed

This Corporate CLA is accepted out of band by an authorized representative of the Corporation, using this document. To register:

1. Complete this PDF: fill in the Corporation's identifying details below, list in Schedule A the GitHub usernames of the employees authorized to contribute, and have a person authorized to bind the Corporation sign the signature block.
2. Email the completed, signed PDF to **legal@sandboxquantum.com**.
3. Upon receipt, the Company records the Corporation's acceptance and adds the listed GitHub usernames to the project's list of approved contributors, so their Contributions are recognized as covered by this Agreement.

Acceptance is effective when the Company records it and binds the Corporation. To add or remove authorized contributors later, the Corporation emails an updated, signed copy of this document to the same address (see Section 8).

You accept and agree to the following terms and conditions for Your present and future Contributions submitted to the Company. Except for the license granted herein to the Company and recipients of software distributed by the Company, You reserve all right, title, and interest in and to Your Contributions.

1. Definitions

"You" (or **"Your"**) means the copyright owner or legal entity authorized by the copyright owner that is making this Agreement with the Company. For legal entities, the entity making a Contribution and all other

entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"Contribution" means any original work of authorship, including any modifications or additions to an existing work, that is intentionally submitted by You to the Company for inclusion in, or documentation of, any of the products owned or managed by the Company (the "Work"). Contributions include any works You expressly identify in Schedule B; identifying (or declining to identify) any work in Schedule B does not limit the scope of Contributions covered by this Agreement. For the purposes of this definition, "submitted" means any form of electronic, oral, or written communication sent to the Company or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Company for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by You as "Not a Contribution."

2. Grant of Copyright License

Subject to the terms and conditions of this Agreement, You hereby grant to the Company and to recipients of software distributed by the Company a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Your Contributions and such derivative works.

3. Grant of Patent License

Subject to the terms and conditions of this Agreement, You hereby grant to the Company and to recipients of software distributed by the Company a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by You that are necessarily infringed by Your Contribution(s) alone or by combination of Your Contribution(s) with the Work to which such Contribution(s) were submitted. If any entity institutes patent litigation against You or any other entity (including a cross-claim or counterclaim in a lawsuit) alleging that Your Contribution, or the Work to which You have contributed, constitutes direct or contributory patent infringement, then any patent licenses granted to that entity under this Agreement for that Contribution or Work shall terminate as of the date such litigation is filed.

4. Authorized Employees

You represent that You are legally entitled to grant the above license. You represent further that each employee of the Corporation is authorized to submit Contributions on behalf of the Corporation. In addition, any Contribution submitted by an employee of the Corporation in the course of that employee's employment or engagement with the Corporation is an authorized Contribution under this Agreement and is subject to the licenses granted in Sections 2 and 3, whether or not that employee's GitHub username is listed on Schedule A. Schedule A is an administrative aid to help the Company recognize the Corporation's contributors and does not limit the scope of the Corporation's grant. The individual who accepts this Agreement on behalf of the Corporation represents that they are authorized to bind the Corporation to this Agreement.

5. Original Creation

You represent that each of Your Contributions is Your original creation (see Section 7 for submissions on behalf of others).

6. Disclaimer

You are not expected to provide support for Your Contributions, except to the extent You desire to provide support. You may provide support for free, for a fee, or not at all. Unless required by applicable law or agreed to in writing, You provide Your Contributions on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

7. Submissions on Behalf of Others

Should You wish to submit work that is not Your original creation, You may submit it to the Company separately from any Contribution, identifying the complete details of its source and of any license or other restriction (including, but not limited to, related patents, trademarks, and license agreements) of which You are personally aware, and conspicuously marking the work as "Submitted on behalf of a third-party: [named here]".

8. Notice

It is Your responsibility to notify the Company when any change is required to the authorized contributors (GitHub usernames) listed on Schedule A, or to the Corporation's Point of Contact with the Company, by emailing an updated, signed copy of this document to legal@sandboxquantum.com.

9. Governing Law; Venue

This Agreement is governed by, and construed in accordance with, the laws of the State of New York, without regard to its conflict-of-laws principles. The parties consent to the exclusive jurisdiction and venue of the state and federal courts located in New York County, New York, for any dispute arising out of or relating to this Agreement.

10. Entire Agreement; Amendment

This Agreement, together with its Schedules, is the entire agreement between the parties concerning Contributions and supersedes any prior or contemporaneous understanding on that subject. Except for updates to Schedule A made under Section 8, this Agreement may be amended only by a writing signed by an authorized representative of each party.

11. Severability

If any provision of this Agreement is held to be unenforceable, the remaining provisions will remain in full force and effect, and the unenforceable provision will be modified to the minimum extent necessary to make it enforceable while preserving the parties' intent.

12. Counterparts; Electronic Signature

This Agreement may be executed in counterparts, including by electronic signature, each of which is deemed an original and all of which together constitute one and the same agreement. This Agreement is accepted by completing and signing this document and emailing it to legal@sandboxquantum.com, as described above under "How this Agreement is signed." The signature block below must be completed by a person authorized to bind the Corporation.

Schedule A — Authorized contributors (GitHub usernames)

List the GitHub usernames of the employees authorized to contribute on behalf of the Corporation. Consistent with Section 4, coverage also extends to Contributions by the Corporation's employees in the course of their employment regardless of whether a particular username is listed here; this list is an administrative aid that lets the Company recognize the Corporation's contributors and add them to the project's approved-contributor list. The Corporation must keep this list current under Section 8.
